

About Us

The Swedish Club is a leading marine mutual insurer, headquartered in Gothenburg, Sweden, and with offices in Piraeus, Hong Kong, Tokyo, Oslo and London.

Established in 1872, it is owned and self-managed and under the direct control of its members. All strategic decisions are taken by a Board of Directors drawn from the members.

Our members make up an international community of front-rank shipowners, who believe that quality comes first. Every member has met our demanding conditions of entry. These standards cannot be met without total commitment to quality. In return we provide insurance services of the highest quality; our members' premiums do not subsidise owners operating at lesser standards.

Mutuality means that the Club's interests are identical to the interests of the members. Our mutual aims include the safe and pollution-free operation of vessels.

Naturally, given the nature of shipping, it is impossible to eradicate all accidents. That is why we place such emphasis on service excellence in casualty situations. Our priority is to help the member solve the problem at hand as quickly as possible, so ensuring the vessel's swift return to trade.

Our guiding principle in all things is a guarantee of fair and equitable treatment. This extends from the assessment of risk to the fixing of premiums and the settling of claims.

The membership of The Swedish Club is a real community, actively engaged in sharing operational experience in the crucial areas of safety and loss prevention. In these and other areas, the Club acts as a facilitator, co-ordinating initiatives that benefit all members.
